

Dear Confrères et Consoeurs,

*We are very pleased to announce that we will be returning to **Nunzio's Ristorante Rustica** on **Friday, November 19th** for our annual truffle and game dinner! As always, this event promises to be one of our highlights for the season. Few chefs can compete with our good friend Nunzio Patruno when it comes to preparing a grand dinner and none provides greater hospitality to his guests.*

The night of two meals will begin with Nunzio's spectacular buffet including Roman style suckling pig, assorted cheeses, marinated vegetables, and other delicacies. Everyone who has ever attended one of these extravaganzas knows that if the evening stopped at the end of this part of the dinner, you could walk away feeling satisfied and content.

Of course though, no one would walk away from the second dinner where Nunzio demonstrates why he is a world class chef. Our first course will be a succulent scallop served in a Riesling cream sauce with truffles. Other highlights of the meal will include a loin of wild boar with truffles au jus and a game bird wrapped in pancetta.

No dinner at Nunzio's would be complete without pasta and this year will be no exception as Nunzio will prepare ravioli stuffed with beautiful mozzarella. The sauce? Truffle, of course! Wines will include an aged Barolo from our cellar with more details to be posted on our website.

*A chocolate dessert will complete the evening and this exquisite feast. **Please note that this will be a rare Friday evening event so we anticipate greater than usual interest. Sign up early for this one!***

Please join us for a night to be remembered.

Vive la Chaîne!

*Thomas Knox and Sam Cohen
